

Stylish and Insulated Traditional and Modular Pods and DIY Pod Kits by **Pods By Future Rooms**

We design and manufacture a versatile range of stunning and unique insulated pods for a range of uses; from fully finished pods delivered to your site to DIY/ Flat Pack Pod Kits for construction by you or your builder.

Our Traditional and Modular Pods are built to order and specification by our experienced team in our workshop, using the highest quality materials.

Ideal as ancillary accommodation for glamping sites, activity centres, hotels, leisure businesses, public houses, sports clubs, educational organisations and schools, we offer a range of styles, sizes and features to suit every requirement, budget and area.

DIY/Flat Pack Pod Kit Range

Our range of DIY/Flat Pack Pod Kits are ideal for areas that are less accessible and have been designed to be constructed by a builder or competent DIY'er.

Our unique range of DIY / flat pack pods can be constructed in situ, delivering robust and stylish pods. Competent trades people can easily install our specially designed kits, comprising all of the parts you need, following our clear instructions.

The size and weight of our panels have been carefully designed to make manual handling and assembly easy, even in areas where access is tight. The prefabricated panels are manufactured using FSC certified and graded timber and high quality grey EPS insulation to exacting standards.

We offer our DIY pod kits in a 'shell & external' form with the option of the internal finishes kit if you want to follow our designs. We appreciate that some pods may need to be more bespoke to meet your requirements and that you may want to have your own internal arrangements. We also offer a mezzanine pack for our large pods.

We have six models to choose from, in a range of sizes:

Cube, Den, Abode, Retreat, Lodge and Cabin

DIY Cabin Kit
from £18,004 (inc. VAT)

With its eye-catching design and floor to ceiling glass at the front, The Cabin DIY Pod Kit has been designed to offer an open plan space filled with natural light, allowing views of the outside to be enjoyed from all areas.

It is available in a 'Shell & External' form, with the option of the internal finishes kit if you would like to follow our designs. The larger Cabin can also include a mezzanine pack.

Our unique range of DIY pods have been manufactured to be constructed on site, with the weight and size of panels having been carefully designed to make manual handling and assembly easy.
